

COVID-19 Safety Plan Phase 3

VAULT St Martins Centre

What will be done to implement physical distancing guidelines?

Walkways have been highlighted to ensure people walk in designated areas. Entry passageway is marked to ensure 1.5m physical distancing is maintained while entering the gym for sessions.

The capacity of each divided space has the capacity displayed at point of entry and has been calculated as outlined in the guidelines.

Within each divided space, zones are allocated for members. Limited to one person per zone, to ensure the minimum 2sqm and 1.5m physical distancing is maintained while participating in the supervised sessions.

All weight machines and cardio equipment are accessible, with equipment layout to ensure 1.5m physical distances maintained.

Class start and finish times are spaced to allow for members to enter and exit with minimal congregation in the reception and entry/exit passage.

How will you ensure hygiene standards are maintained?

Hand sanitizer is supplied at reception upon entry and at each of the three cleaning stations with how to hand rub signage displayed at each location.

Hand Wash station available in the gym and the toilets with how to wash hands signage displayed at each location.

Disinfectant spray is accessible at the three cleaning stations for members to use as required before, during and after using equipment in a session.

[VAULT]

It is also used by staff for additional periodic cleaning of equipment and high touch point areas, up to 10 times each day. See cleaning chart for frequency and initial by staff as completed.

The disinfectant used is Viraclean (MSDS is attached).

Single use paper towel is provided in towel dispensers throughout the gym for cleaning of equipment.

At the end of each day, our facility is professionally cleaned by cleaners.

How will you ensure all your workers know how to keep themselves and others safe from exposure to COVID-19?

All staff are required to complete the COVID-19 Infection Control online course.

Records of training will be maintained by VAULT in the dedicated COVID-19 Safety Plan folder kept at reception.

Appropriate signage will be displayed in the gym to ensure staff are reminded of their responsibilities in maintaining the procedures required to minimise risks associated with COVID-19.

How will you respond to an exposure or suspected exposure to COVID-19 within your premises?

Members are registered in our gym management software, provided by Gymmaster and must check-in upon entry to the gym for classes, personal training and to access the gym.

This software will maintain records of all members who attend the gym and the time they attended.

If we are made aware that someone with a case of COVID-19 has been in your workplace, we will ring the COVID-19 Public Hotline 24/7 on 1800 020 080 and follow the advice of health officials.
